

Jolie Handles

Information, Aftercare & Cleaning

Information

Jolie handles are hand made from solid brass using the traditional sand-casting method of production.

They are available in four finishes – aged gold, aged bronze, old silver & black.

Aftercare & Cleaning

We recommend using a soft cloth only to clean Jolie handles. This can be either wet or dry.

PLEASE NOTE: the use of abrasive or chemical cleaners will have an adverse effect on the finish, for which Herbert Direct and the manufacturer will accept no liability.
